

USAID
FROM THE AMERICAN PEOPLE

Aqaba Community and Economic
Development (**ACED**) Program

RFP-016-2009

Request for Proposal

The USAID-funded Aqaba Community and Economic Development (ACED) Program is soliciting proposals for consulting services in Aqaba for the following scope:

Project Monitoring and Quality Management for IT System Installation in Aqaba Special Economic Zone Authority SOW-037-2009

The Aqaba Special Economic Zone Authority (ASEZA) has awarded the implementation of “Process, Workflow Automation, and Document Management System” (hereafter referred to as “AWAD System”) to an IT Technical Team. This team, hereafter referred to as the “AWAD System vendor” or “vendor” will commence its work on Phase I to implement an Oracle-platform installation during December, 2008. As defined by ASEZA, Phase I will cover the processes for “DIWAN,” (ASEZA’s responsible unit for handling and delivery of all written interoffice correspondence) two directorates within the Infrastructure Commission—Permitting/Building Control and Planning & Studies.

Scope of Work

ASEZA seeks an experienced service providing firm or individual(s) who can be engaged throughout the project life cycle and help assure 100% success in attaining the AWAD System project’s objectives. The importance and size of the AWAD System project justifies the retention of a third party to monitor its preparation and implementation.

Potential offerors must request full details of the solicitation, SOW-037-2009, in order to comply with submission requirements.

For full details of this solicitation, please contact:
info@aced-jordan.com or aced.jordan@gmail.com

Request for full details and questions must be received by: 03:00 pm of Dec. 4, 2008

Proposal Submission Deadline: 03:00 pm of December 29, 2008
